### President's Report - Jason Forgash

- Shade Project Update:
  - After several years of back and forth with the district, there will be no physical structure or sails over the amphitheater. The funds we've raised don't begin to address the cost needed for ADA compliance. So we've shifted gears and kept with the goal of the project: providing shaded seating for students. In light of that goal, we've opted to purchase benches to be placed in existing shade areas throughout campus for student use throughout the day. They should be installed in mid-May.
  - Principal Jones: A district shade structure will be added to the lunch table area as well. It's slated for this summer. We also added a camera covering the nutrition lines, alleviating a blind spot we realized was there.

### Principal's Report - Mr. Jones

- We're having a volunteer celebration today immediately following the meeting to celebrate our wonderful volunteers. We're so thankful for you!
- Promotion countdown has begun!
- This week we have the VPHS Math Night Wednesday at 6pm in VPHS Library. The CVMS Math Night is Thursday at 5pm in the CVMS Library. These will feature overviews of our math program offerings and resources and support available to students. Friday is the SCC Science Night as well as the Dad's Club Poker Night.
- SBAC testing will be May 6-17th. This year we will switch to math testing first to prevent testing fatigue on the math testing specifically. Students will test after 1st period for 90 minutes, then have a regular mini day with shorter periods.
- May 16 is the Middle School Track Meet at VPHS.
- Mrs. Calle has students attending the Special Ed Olympics at Fred Kelly Stadium. The Leadership students will be there cheering them on.
